Why to Uganda:

Uganda, the Africa's friendliest country. This reputation has been achieved thanks to the tradition of hospitality of its people and to the remarkably low level of crime and hassle directed at tourists. Uganda offers an unique biodiversity: 10 national parks, mountain gorillas, more than 1000 species of birds, Lake Victoria, the source of the mighty Nile and its waterfalls, the icy peaks of Rwenzori known as "The Mountains of the Moon". Uganda is the classic destination for travelers seeking nature, fun, leisure and adventure.
